Two of the most rewarding experiences in business are knowing that you've successfully expanded your consumer base and knowing that you've fulfilled your duties to society as a socially responsible citizen.

When you advertise with VNHELP, you accomplish both.

Through our Mùa Thu Cho Em fundraising concerts, VNHELP is pleased to offer you a number of print advertising and direct marketing opportunities. All advertising profits will go back into our programs to support poor and disadvantaged communities in Vietnam, and you'll be able to reach a budding Vietnamese American community in both northern and southern California at affordable advertising rates. What's not to love?
